**Year 6 Airedale Academy
Transition**
Thursday 15th July 2021

School closes for Summer
Friday 23rd July 2021

**School Opens for
New Academic Year
2021-2022**
Wednesday 8th September
2021

Social Skills: First Aid

Following on from our Social Skills themes before the half term, we have focused on different elements within First Aid. The children in KS2 focused on how they can deal with common injuries including head injuries. Through the support of resources provided by St Johns Ambulance, the children discussed mild and severe symptoms of a head injury and what a head injury may look like. They then considered the steps they should take to support and assist with this injury. The children have also focused on asthma and the things that may cause this. Children once again discussed how they could help and support someone during an asthma attack. Finally, the children thought about bites and stings and what an allergic reaction may look like.

National School Sport Week 2021

Next week, we will be taking part in National School Sport Week 2021. The week will celebrate the return of youth sport and its power to bring people back together. The theme of this year's campaign is Together Again. During their timetabled PE lesson, the children will take part in an intra-school competition. The children will record their best attempts at various events such as a continuous 10 metre shuttle run. The best scores will be shared and celebrated within each class bubble at the end of the week.

Sports Day 2021

Sadly, following the governments review of the current Covid 19 restrictions, we are unable to invite parents to watch Sports Days this year. We had hoped that a review of restrictions on the 21st June would support us in welcoming parents into the school grounds in larger groups. We know that you will be disappointed not to spectate the events but we feel fortunate to be able to hold the events within School. We will be combining our Sports Days (EYFS - Y2, Y3-Y4 and Y5-Y6, remaining in bubbles) so that the children have a larger audience from within School to spectate their races. Dates to be confirmed.

Sun Safety

We are concerned about protecting pupils from sunburn and from skin damage that can be caused by the harmful ultra-violet rays in sunlight. Skin cancer is the most common form of cancer in the country. As sunburn and almost all skin cancer is caused by the sun, it is possible to prevent this happening. The school believes that by encouraging sun safe behaviour at school and teaching children about the risks of sunlight, we can prevent them burning and contribute towards preventing skin cancer. The school would like your help and support in this matter.

We will be encouraging children to avoid sunburn and overexposure to the sun by:

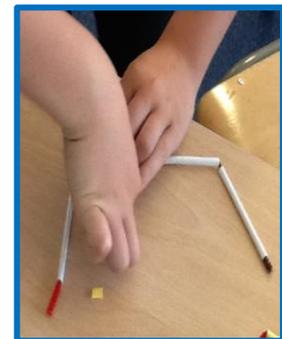

- Seeking the shade, particularly during the middle of the day
- Wearing suitable hats
- Wearing clothing that protects the skin, particularly for outdoor activities
- Using a high factor sunscreen (SPF 15+).

You can help by encouraging your child to bring, and wear, a hat at school and by applying sunscreen before children come to school. Sunscreens provide added protection and may be useful when other measures are not available. Dermatologists recommend that a sunscreen with a sun protection factor (SPF) of 30 or above will provide children in this country with adequate protection.

DT Day

This week throughout school, every year group took part in our Design and Technology Day. It was extremely successful, and all the children thoroughly enjoyed the day. The day focused more upon the design process than the finished product. Therefore, we placed great emphasis on the children experiencing all areas of the design process in one day. The children in Nursery designed and made their own kites. In UFS, the children created their own aeroplanes. Year 1 children constructed a windmill fit for a mouse. Year 2 were tasked with structuring a new chair for Baby Bear. While children in Year 3 designed and made their own pneumatic toys – which were amazing. Within Year 4 and 5, children focused on the food elements of Design and Technology. Year 4 children adapted a recipe to produce their own delicious cookies. Meanwhile, Year 5 designed and tasted their own Bolognese recipe and then created appealing packaging for their Bolognese sauce. Finally, Year 6 designed and tested their own game using different electrical systems.

Communication: Parent App

This academic year we launched our parent app - **My Child at School** or **MCAS** for short. This year to try and reduce our carbon foot print we will be sending out our end of year reports via the parent app. If you have yet to sign up to the app then please see our school website or contact the school office for further support.

PCSO Visit Year 6

Last week, Year 6 enjoyed a talk from PCSO Shaw about how to be safe when using the roads. He talked about who are considered road users and the common hazards that occur on or near the roads particularly for pedestrians. Pupils answered questions sensibly and were able to successfully navigate their way through a series of virtual hazards on an online road safety game, showing what they had learnt lots from the session. At the end, the children were invited to ask PCSO Shaw any questions about his job in general to get an insight into the job of police officers.

School Calendar 2021 – 2022
