### SOCIAL SKILLS – Parliament Week and School Council Elections

Last week across school we celebrated UK Parliament Week. Children took part in an assembly which focused on what Parliament is and its importance for our country. This year's theme was 'It starts with an action!' The children discussed how as a democracy everyone is entitled to have a vote and a say in who leads our country. The children learnt about democracy which links to our British Values.

During Parliament Week, we also held our School Council Elections. The children who wished to stand for the role of Councillor and Deputy Councillor delivered a short speech to the rest of their class explaining why they would be a good representative.

On election day, the children filled in their ballot papers voting for who they thought would be the best representative for their class. Well done to everyone who stood for election we had a fantastic response this year with over 70 children standing for election. Congratulations to our new School Councillors and Deputy Councillors!

### Resilience and Determination

This week we have focused on the theme of determination and resilience within Social Skills. We began by considering what determination means. The children gave some fantastic examples of when they have been determined to achieve something! They then thought about how we can overcome a difficult challenge and how it can make you feel when you are finding something difficult. The children considered how they may need to show resilience and determination to achieve their goal. We shared ideas of how we can build our resilience such as understanding that it is ok not to be able to do something the first time, how we can learn from our mistakes and reframing challenges as short-term problems that we can achieve by having a positive mindset.

*"Where the determination is, the way can be found."*

### Konflux – Year 6

Year Six had a fantastic day working with Konflux Theatre Group to develop their knowledge of World War 1. Through creative learning workshops, the children took on the role of soldiers in the trenches and family members back home. In doing so, they further developed their empathy skills and understanding of what life was like in wartime Britain. The children used drama to help them understand the poem 'Dulce et Decorem est' by Wilfred Owen. They also learnt about the background story of the poet who was one of the leading poets of the First World War. Throughout the day, they demonstrated a variety of key skills, including teamwork, collaboration, public speaking and self-expression.

### **World War 1 – Remembrance Webinar Historic Workshop**

On Wednesday, classes across school took part in an interactive World War 1 Remembrance Day webinar delivered by Historic Workshops. They watched an in-depth presentation about how World War 1 started, the main events throughout the war, how it ended and the devastating aftermath. As well as learning lots of new facts about both World Wars, it helped the children understand the importance of why we mark Remembrance Day each year.

### **Remembrance Day 2020**

While we were unable to gather as a school to mark the two-minute silence for Armistice Day, each class marked the moment separately. The children watched a short video produced by our very own Mr Adams during the silence. The video began with 'The Last Post' and displays the names of those who appear on the Fryston War Memorial.

### **Parents Consultation Calls**

This week we held our telephone parent's consultation evenings. Our teachers enjoyed the opportunity to discuss the progress, achievements and expectations of the children in their class with their adults at home and discuss ways on how we can work together to help children reach their potential. We received a number of parent consultation slips with missing details so were unable to assign appointments. If you were unable to make an appointment with your child's teacher will be contacting you over the next week to arrange a convenient time to discuss your child's achievements.

Supporting our children to be the very best they can be is our number one priority at school and we are passionate about children's learning and progress. We value the relationship between home and school and know that by having strong parental partnerships we can ensure the very best outcomes for all of our children.

### **Anti-Bullying Week - ODD Socks Day**

Next week we will be joining thousands of schools across the country to celebrate the Anti – Bullying Alliances - Anti Bullying Week 2020. On Monday 16<sup>th</sup> November we will be taking part in Odd Socks Day. All you need to do is wear odd socks! It is a great way to celebrate what makes us all unique in Anti-Bullying Week!

This year's Anti Bullying theme is United against Bullying. We're all a piece in the puzzle, and together, we're united against bullying!

### **Children in Need**

Thank you to all our parents and carers for joining in and allowing the children to show their support for Children in Need 2020. Our children dressed in their favourite pyjamas in celebration of the charity event. In each of our classes the teachers explained to the children what the importance of the national annual charity appeal, the causes it supports and the impact it has had.
