### Assembly Theme: Feelings

This week our assembly theme has been about exploring different types of feelings and encouraging one another to be sensitive to the feelings of others. We compared the two different kinds of hurt, for example being hurt on the outside by falling over and grazing ourselves and then being hurt on the inside, which could be caused by what someone may say to us that upsets us. We thought carefully about how we need to be very careful about what we say and how we speak to people developing an awareness of empathy as what we say can hurt people's feelings, and understanding that inside hurt can take a long time to heal.

### Year 6 Breakfast Booster sessions

We have had a successful start to our Year 6 Breakfast Club. The session provides the children with an opportunity to complete specific personalised learning tasks to address areas they find challenging. The Year 6 Breakfast Boosters sessions will be taking place on Tuesdays, Wednesdays and Fridays each week in the run up to SATs. Year 6 children attending morning boosters can have a FREE breakfast in the school hall at 8am before going to the classrooms.

### Comic Relief - Red Nose Day

On Friday 15<sup>th</sup> March, school will be turning red in support of Comic Reliefs' Red Nose Day. The children are invited to come to school wearing something red for a donation of 50p. This year we also have 11 exciting nose characters, all packaged in their own boxes available to purchase. These noses will be available **for parents** to purchase for their child from 2:30pm at the School Office. The donation price per nose at £1.25.

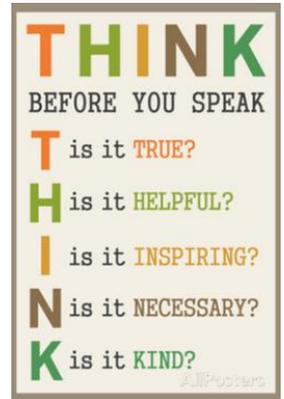

### Safeguarding – Online Safety

Recently, there has been a rise in publicity regarding online safety and children being exposed to various upsetting images. In school, we ensure that children are aware of how to keep safe whilst using the Internet and how to report anything that causes them any upset whilst online. We would like to encourage parents and carers to ensure they have appropriate controls and checks in place to prevent children from having access to such materials.

For further information on online safety and keeping safe whilst using specific applications please see our school website or
