- **Y3 Hull & East Riding Museum 18.10.18**
- **Y5 Bonfire Talk 18.10.18**
- **Parents Evening 23.10.18**

Eureka Visit Year 1

Last Friday, Year one had a fantastic visit to Eureka, the National Children’s Museum. The children loved visiting the Grossologists labs and learnt all about the disgusting things that our body does! They also enjoyed exploring in the ‘All About Me’ exhibition and developing our knowledge of the five senses.

Year 6 University Talk

Year 6 were given the opportunity to think about their futures this week when they were visited by a representative from Leeds Beckett University. During the hour-long workshop, they explored what it means to attend higher education and the impact it could have on their lives. Myths were busted, mature discussions were had and the children asked lots of questions! At the end of the session, after a conversation about careers, the children were left feeling a lot more confident about the options available to them!

Winter Coats

As the weather is beginning to take a turn and the cold days are drawing closer please ensure that your child is sent to school with an appropriate waterproof coat. Children will be required to wear a coat when going outside during break times. Please ensure coats are clearly labelled with their name.

Macmillan Coffee Morning

We would like to say a huge thank you to all our staff, children, parents and carers who supported our annual Macmillan Coffee. Thank you for your generous donations helping us in our fundraising drive for this fantastic cause.

Macmillan nurses to give medical, practical and emotional support to more people living with cancer. Another big thank you to our Year 6 team for organising and hosting the event. We are still collecting money we will let you know how much we have raised in next week’s newsletter.

Social Skill Assembly: Manners

This week's Social Skills lessons focus has been on the importance of good manners. We discussed how courtesy, politeness or having good manners are all about respecting others and yourself. Then, we went on to understand how good manners is not just about eating quietly and neatly, it's about paying attention to the person who is talking to you and treating every individual equally regardless of their appearance, beliefs and backgrounds.

Year 5 Dane Law Visit

Year 5 enjoyed their visit to Dane Law. They spent the day in role playing part of a Viking family. They enjoyed hands on activities such as: farming; collecting wood; grinding flour to make their own bread; making oil lamps out of clay; and protecting their village whilst on guard duty. They interacted with real life Vikings and learnt facts which they will later use in their cross-curricular work.

Parent Workshop - Low Mood and anxiety

School hosted an informal parent workshop in the small hall on Thursday morning. Turning Point Talking Therapies gave parents tips, advice and strategies on how to recognise and respond to low mood and anxiety. We would like to thank all the parents who attended. The next workshop is Thursday 11th October on coping with a new baby. We look forward to seeing you there.

Safeguarding – Online Safety

Online safety is an integral part of children's education in today's digital world and is embedded in their learning at school. We also want to help our parents and children improve their own understanding of e-safety issues so they can learn to use the internet and all digital media in a safe and secure way. As a parent you'll know how important the internet is to children - they use it to learn, play, socialise and express themselves. It's a highly creative place of amazing opportunities. But the technology children use every day can seem a bit daunting and you might worry about the risks your child can face online - such as bullying, contact from strangers or the possibility of them seeing illegal or inappropriate content. Over the last couple of weeks, we have uploaded various online safety leaflets and guides on our school website to support you with keeping your children safe online.
