

Homework

Create your own space themed top trumps cards. Include **facts and statistics** so you and your friends can battle!

Make **an acrostic** for one of the planets. This could be a list of words beginning with each letter, a sentence for each line or even a rhyme.

Create a **timeline** to show the history of space travel. How did it all begin?

Keep a **sky at night journal** for a whole week. Write about everything you can see in the sky. You could draw a picture of the moon every night. Does it change over the course of the week?

Year 5

This term our topic is 'One small step...' The homework projects listed are linked to specific curriculum areas.

Make a space mobile that you could hang in the classroom. Can you think about scale when completing this?

Curricular Links

Maths, Art/Dt, Geography, Computing, English, History, Science, Social Skills, Music

Research the **space race was** and **which countries were involved**. Write a newspaper report about which country made it to the moon first.

Choose a famous scientist or astrologer and prepare a presentation on why they are important.

Bake your own space themed cookies or biscuits. They could be star, rocket or planet shaped or even could include space rocks such as popping candy! Write down the recipe as a set of instructions. Include an ingredients list as well as a step by step method.

There are so many ideas you could choose. Let your imaginations run wild! Be creative, anything that furthers your knowledge on any of the subjects above.

Mrs Smithson & Mr Cording
